

ADAM

Adam chair and armchair is a chair series with infinite areas of application and multiple combination possibilities – for conferences or breaks. The chair has a neat and strict design. The chairs are connectable and stackable. Furthermore, they are very light due to the choice of material and construction method. Seat and backrest of compression moulded birch veneer. Adam is also available in white or black melamine and in various types of upholstery. Tubular steel legs in chrome or silver grey powder coating. Adam is also available as a bar stool.
