

AVANT

New needs are the inspiration for new furniture. Sometimes they are so new that there is no category in which to put them. Avant bench is shaped like a bench and a table in one, a smart design offering several seating options. The table top are available either fully upholstered in fabric or leather alternatively in white pigmented ash, black stained ash or white laminate. The bench can be ordered in two different lengths. Power sockets (Twist) as optional extra. Its versatility makes Avant bench suitable for modern workplaces, colleges and universities that would like a more flexible environment in which to hold meetings and do work.
